

SEASONING TUMBLER

专业调味滚筒 / 滚筒调味机

PROFESSIONAL GRADE COATING SYSTEM

This heavy-duty seasoning tumbler is engineered for uniform coating and flavoring food products in commercial production environments. Designed with precision mechanics and versatile controls, it delivers consistent seasoning coverage while minimizing product damage.

这款重型调味滚筒专为商业生产环境中的食品均匀涂层和调味而设计。凭借精密的机械结构和多功能的控制系统，它在确保调味覆盖一致性的同时，最大限度地减少了产品破损。

⚙️ Optimized Drum Design

Dimensions / 尺寸

2000mm length × 750mm diameter - generous capacity for batch processing.

2000mm 长 × 750mm 直径 - 适合批量处理的大容量设计。

Interior Flights / 内部叶片

Bi-directional flight pattern gently lifts and cascades product, ensuring thorough distribution while reducing breakage.

双向导流叶片设计，轻柔提升并抛撒产品，确保调味均匀并减少破碎。

Variable Speed Control / 变速控制

7-30 RPM range with VFD allows precise adjustment.

7-30 RPM 变频驱动 (VFD)，可针对不同产品特性精准调节转速。

⚙️ Operational Flexibility

Bi-directional Rotation / 双向旋转

Reversible tumbling action prevents product clumping and achieves superior coating uniformity.

可逆滚筒动作防止产品结块，实现卓越的涂层均匀性。

Adjustable Tilt Angle / 可调倾角

Customizable inclination optimizes product flow and discharge for varying densities.

可定制倾斜角度，针对不同密度的产品优化流动和出料效果。

Energy Efficient / 高效节能

0.37kW motor provides reliable performance with minimal power consumption.

0.37kW 电机，性能可靠，能耗极低。

IDEAL APPLICATIONS / 理想应用场景

Potato chips & Crisps
薯片与蔬菜脆片

Extruded snacks & Puffs
膨化食品与泡芙

Nuts & Coated Nuts
坚果与裹衣坚果

Pet Food & Treats
宠物食品与零食

Also suitable for: Breakfast cereals and any granular products requiring seasoning. / 同时也适用于早餐谷物及任何需要调味的颗粒状产品。

BEIJING WINTEC MACHINERY

Engineered for Excellence. Wintec provides high-quality food processing machinery for the global market.
